Monthly Bulletin

CDD Cox's Bazar Operation

Bulletin July 2020

Background

- ✚ CDD in Partnership with CBM started its health and rehabilitation services for both Rohingyas and Host communities in Cox's Bazar, Bangladesh during December 2017.
- ✚ Current service includes, Physiotherapy, Occupational therapy, Psychosocial counseling, Hearing and Visual screening and Assistive device distribution etc.
- ✚ Cumulatively from December 2017, a total of 37,966 individuals received 135,097 service sessions of medical, eye, ear, psychosocial and rehabilitative healthcare services.

Programmatic update

CDD continued the planned activities of the MOFA 2nd Phase project which is focused on Rehabilitation & Disability mainstreaming.

Activities in July 2020

Rehabilitation services

During the month of July, all of CDDs Cox's Bazar activities were conducted through three Home Based Rehabilitation (HBR) teams, Inclusion team, Static main camp, and Mobile bus camp. Provision of rehabilitation services for children with severe disabilities was continued from the Therapy corner at main camp.

Two HBR team worked in the Rohingya community & one HBR team worked in the Host community for rehabilitation of persons with disabilities. Main camp provided services in the Rohingya camp & Bus camp provided services in the Host community. All these activities were conducted under the 2nd Phase of MoFA supported Project.

During July, the lockdown was removed. Govt. imposed some restrictions like **no mask no service** and advised everyone to maintain social distancing. DC and UNO Ukhiya made frequent visits to the marketplace and other important areas to check the maintenance of Govt. rules. Those who were found disobeying the rules were made aware of it or fined.
